

# I've Got a Golden Ticket!

This is the moment when Charlie realises he has found a golden ticket!

What do you think it says on the front of the golden ticket? If you were to look really, really closely, you can see that there is a lot of writing on the back of the ticket. What do you think it says? We can read what it really says in chapter 12 of the book.

**Writing Challenge:** Write a diary entry, written by Charlie, on the day that he finds his golden ticket. How would he feel? What sort of words would he use? Try to include some information about what the golden ticket says on the front and back.

When you are writing a diary entry, remember to:

- describe the places where the events happened;
- write in the past tense;
- talk about the important events;
- use some personal pronouns, such as 'I', 'my' or 'me';
- talk about feelings;
- use 'before', 'next', and 'after' to show the order of events.
